Location

The property occupies a prominent position fronting White Street, with access off Wincomblee Rd. White Street runs parallel to the River Tyne and the A186 Walker Road approximately 3.5 miles east of Newcastle City Centre. Wallsend Town Centre lies approximately 1.4 miles to the east. Neptune Yard is one of the UK's six CORE (Centre for Offshore Renewable Engineering) sites. It is home to Tyne Subsea, a national Research and Development centre for subsea engineering.

Description

The property comprises a steel frame building with a trussed roof. The original building has been refurbished with new insulated profile metal cladding above brick base walls and the roof. The minimum internal clear height is 7.8m.

Offices are contained within a two storey projection and a mezzanine. The offices have gas fired central heating radiators and LED lighting.

Loading access from a secure service yard is via a large steel roller shutter door measuring 5.5m wide and 4.15m high. There are LED lights in the workshop and 3 phase electricity.
